Location:	Lobby - W. of Bid., Hollywood Main Entry		
Long Description	<p>SRO Turbo noticed POI and Tenant Employee, Laura Croft (The Oscar's) on travelling West on Hollywood St.; and passing the NE Alley. SRO Turbo had recently completed After Hours Parking Count, and Patrol of the Garage; was en route to re-park his vehicle on Hollywood Ave. N. (while conducting Exterior Patrol).</p> <p>Laura appeared uneased when she saw SRO Turbo. At that time, SRO Turbo did not recognize Laura; but took precaution, began monitoring due to suspicious behavior emanating from the two. SRO Turbo drove ahead, and proceeded to park on Hollywood Ave., by Main Entrance; and was about to say, "Hello," to make his presence known, when he saw the POI attempt to gain entry. Laura kicked the POI, as SRO Turbo began to rush to her aid. SRO Turbo. SRO Turbo chose a no hands approach since Laura was already in the building, and the POI appeared that he would not physically try to harm SRO Turbo. The POI did not listen to SRO Turbo; and began to walk away. Due to the nature of the episode SRO Turbo witnessed, he instructed Laura to contact 911, and stay inside the building; and he also contacted 911 as he began to follow (from a safe distance, inside his vehicle).</p> <p>SRO Turbo contacted 911 immediately, informing them that no weapons were seen; and that he was in his vehicle (gave description). SRO Turbo told HPD the location the POI fled to. HPD could not track the POI down. SRO Turbo knew the general location well (past duties sites, by multiple companies); and since he had to pick up a friend in the area, he was carpooling with, he informed HPD that he would contact them immediately, if he sees the POI, now, the Suspect (which he did, and the Suspect stated the same rhetoric he did before, in his first contact with SRO Turbo, "I KNOW HER, HER NAME IS JENNIFER. SHE'S MY GIRLFRIEND..."</p> <p>SRO Turbo was able to confirm that the Suspect is transient. SRO Turbo was able to get HPD Officer Judge Dredd, and Joe Pesci of The Oscar's to speak with each other (initial response). The secondary response, Officer Dredd and other HPD Officers seen before, recognized the POI from the video footage and pictures SRO Turbo supplied. HPD initially arrested the Suspect, and was ready to press charges for the crimes committed; but could not since Laura Croft did not desire to press charges , according to Joe Pesci, whom stated that she just wanted to sleep in (HPD could not get in contact with Laura, no answer).</p> <p>Suspect was released; and HPD contacted SRO Turbo to inform him of the outcome; and one final attempt reached.</p>
